

## 2021 Student Medical Check-Up (April 6)

**Note: If you have a fever, do not come to this check-up. Your temperature will be measured at the reception area on the day of the check-up, and if your temperature exceeds 37.5°C, we will ask you to go home.**

· Be sure to complete the on-campus surveys in the Live Campus academic system. Until you complete the surveys, we will assume that you have not had a check-up yet, and we will be unable to issue health certificates or health status forms for training courses.

Current Student	April 1–18	Live Campus → Campus Life → On-Campus Surveys
New Student	Until May 9, after you sign in to Live Campus	Please complete these three: 2021 Student Check-Up Survey, 2021 Student Health Consultation Survey, and 2021 Student Life Survey

○ **Appointment details are determined by your academic department, year in school, and student ID number.**

**Please do not be late.**

○ **Check-up items**      **1st-year undergrads: Height, weight, x-ray, urine test, blood pressure, blood test, eyesight, consultation**

**3rd-year undergrads/1st-year grad students: Height, weight, x-ray**

○ **Wait in line at the entrance of Etchujima Hall next to the No. 2 Bldg. at the time of your appointment.**

<b>3:50 PM</b>	Undergraduate course of Logistics and Information Engineering	1	24–45 <small>1st-year students not admitted in 2021</small>
<b>4:10 PM</b>	1st-year female undergrads	1	All relevant female students
<b>4:40 PM</b>	3rd-year female undergrads	3	All relevant female students
<b>5:00 PM</b>	Female graduate students	1	All relevant female students

Student ID numbers for new students

Numbers will be distributed at the orientation  
Undergraduates: April 5  
Graduate students: April 7

- 2nd-year transfer students: Male students meet at 10:20 and female students at 4:10.
- 3rd-year transfer students: Male students meet at the time designated in "3rd-year students not admitted in 2019" for your academic affiliation.
- 3rd-year transfer students: Female students meet at the time designated in "3rd-year female undergrads."

· There is no access from the front entrance of Etchujima Hall or in front of the co-op.

**★ To Prevent Infection ★**

- Be sure to wear a mask.
- No talking in the check-up meeting area.
- Walk by yourself, at least 2 m apart from others. Stay at least 2 m away from others while waiting for your check-up.
- Sanitizer is provided by the reception area and after the urine test. Please rub it into your hands well.
- Female students: To avoid crowding and ensure efficient chest x-rays, do not wear a bra or other underwear with plastic shoulder straps. Wear a plain T-shirt without buttons or printed designs under your coat.

**Thank you for your cooperation.**
